

“Caring Hearts”
for Underprivileged Children Society
(Dedicated to keeping children in need warm & cozy)

December 27, 2007

We are so very overwhelmed by the generous donation we have received from **lululemon athletica**; we just can't begin to express it in words, it has come as a total surprise to us as we had no idea we have been one of the charity choices.

We understand that through your choosing we received funds from the store's program to help support local charities in the community.

We thank you for choosing **“Caring Hearts”** and we would like to acknowledge your support with this thank you letter.

We are a small charity but with big hopes to help as many children as we can. Our organization is solely run by volunteers and with the unexpected donation from you we are hoping to continue to expand our services to as many community programs and transition houses as our funding will allow.

With your support and lululemon's funding program proceeds we will be temporarily alleviated from fundraising proposals and will be able to focus on distributing the wonderfully crafted items to the children in need.

Again thank you so very much for choosing **“Caring Hearts”** as **lululemon's** supported charity of choice.

Sincerely
Elsie Blankenship

We are so very overwhelmed by the generous donation we have received from **lululemon athletica**; we just can't begin to express it in words, it has come as a total surprise to us as we had no idea we have been one of the charity choices.

We are so very thankful for your donation to **“Caring Hearts”** “Caring Hearts”. We are always amazed at the generosity of others in the community and your company is one of the amazing ones

We are a small charity but with big hopes to help as many children as we can. Our organization is solely run by volunteers and with the unexpected donation from you we are hoping to continue to expand our services to as many community programs and transition houses as our funding will allow. To date we have distributed over 7,000 items to children in the lower mainland.

With the support of lululemon's charitable giving program proceeds we will be temporarily alleviated from fundraising proposals and will be able to focus on distributing the wonderfully crafted items to the children in need.

Again thank you so very much for choosing **“Caring Hearts”** as **lululemon's** supported charity of choice.

Sincerely

Elsie Blankenship
